

BABY CHANGING TABLE

Robust wall mounted horizontal nappy changing unit

The baby changing table is designed for safe and hygienic nappy changing in public washroom areas whilst providing reliable strength and years of service.

Each table comes with a self-adhesive aluminium sign for the washroom door to indicate that a changing unit is located inside.

Bag hooks located on both ends of the changing table allows the child's nappy bag to be securely hung for easy access, while the second hook is available for a hand bag, shopping bag, jacket, etc.

Benefits

Reliability & Durability

- > Designed to support a static load of 250lbs (113 kgs)
- > Robust high density polyethylene material
- > 6 wide spread fixings for extra rigidity
- > Developed for the most demanding markets incl. the USA.

Ease of Use

- > Bag hooks on either end of the table
- > ADA compliant when properly installed
- > Folds flat to the wall when not in use

Maximum Hygiene

- > Easy to clean polyethylene construction that does not absorb moisture or odours

- > Easy to clean non-absorbant PVC coated belt
- > Moulded-in dual liner dispenser each of which can accommodate 50 plastic lined bed liners

Maximum Safety

- > Concave shelf design prevents child from rolling around
- > Heavy-duty safety strap provides an additional level of child security
- > Cam-buckle for single-handed adjustment of strap
- > Complies with the Safety regulations of the General Product Safety Directive 92/59/EEC and with the American National Standard Institute ANSI Z535.3 and ANSI Z535.4
