

# SAVONA AUTO

*Electronic no-touch automatic soap dispenser*

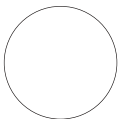

The SAVONA AUTO automatic soap dispenser is an ultra hygienic solution for hand washing. Based on infra-red proximity sensor technology this automatic soap dispenser enables no-touch soap dispensing. Particularly suited to hygiene sensitive environments, the SAVONA AUTO takes a 650ml cartridge and uses the Kennedy battery pack or a holder for individual batteries.

The SAVONA AUTO can be used with a range of Kennedy hand hygiene consumables including cosmetic and anti-bacterial soaps and hand sanitizing gel. It is available in Kennedy's full range of attractive finishes.

## Finishes available

Satin Chrome

Premium  
Bright Chrome

## Benefits

### Reliability & Durability

- > Non-drip patented pump mechanism
- > Locking system to deter theft and guarantee content integrity

### Ease of Service

- > Control LEDs on front cover
- > Hinged cover for operator convenience and speed of service
- > One security key for the whole Kennedy range
- > Error proof soap refill loading

### Maximum Hygiene

- > Electronic no touch unit for ultimate hygiene
- > Each cartridge comes with its own nozzle ensuring germ/blockage-free replacement
- > Patented one-way valve prevents soap and bacteria from returning to the cartridge

### End user Satisfaction

- > Range of versatile soap lotions suitable for various environments
