

ACTIVA

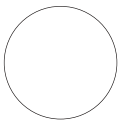

Fully programmable Urinal & WC Sanitiser

The ACTIVA is a fully programmable sanitiser specifically created for service providers. A total solution for the effective prevention of scale and the control of bacterial growth and bad smells in urinals, WC's and their associated piping, ACTIVA's state of the art design makes it both flexible and practical.

The unit is available in Kennedy's full range of attractive finishes. At the heart of the system is Bio-active™, an advanced and highly effective 3 in 1 sanitising fluid based on natural ingredients. Bio-active™ neutralises malodour by preventing the formation of scale and controlling the growth of harmful bacteria.
